Making a difference in Warren County, one cat at a time

Welcome to January's *The Scratching Post!*

Once a month, we'll drop by your inbox to share our latest news, introduce you to just a few of our precious adoptables and share helpful TNR hints so that YOU can make a difference, right where you are.

Clem did it!

Last winter, Clem nearly froze to death. This December, his amazing success story captured hearts nationwide as a Petco Love Story!

His honorable mention and fifth-place finish in the people's choice contest brought home \$6,000 in all for Whiskers TNR. Thank you to his adopters, Dr. Ryan and Lindsey Anderson, for sharing his story, and to all of you who voted!

To read Clem's winning entry and learn more about how you can

enter your cat adopted through Whiskers, visit the [Petco Love website](#). Still have questions? Email corissa@whiskerstnr.org.

Have you adopted through Whiskers? Your story of how your cat changed your life could be the next winner! Submissions for 2022 are accepted beginning Feb. 1.

A great New Year's resolution? Adopt a new friend (or two)!

Honey Badger

With her exotic good looks and wild play, it might seem like Honey Badger hailed from a rainforest. (Check out her closeup as this month's "cover cat" above!) But her foster mom says she's secretly a love bug. She enjoys socializing with other cats and is a little shy but would thrive in "a home where someone wants to win over a heart." Are you just the person to bring out Honey Badger's sweet side?

Peter

There's no such thing as boredom with our little voyager, Peter. His foster mom says he's an expert at creating his own play, especially trekking mysterious caves (under furniture) and mountains (his cat tree) and frisking with his co-explorer (bonded brother Paul). He'd thrive in a home where he could find lots of love. And, of course, continue his adventures as the kitten version of Indiana Jones!

Paul

Paul has the cutest unique feature: a pointy nose that makes him look like a chipmunk! But if there's any question as to his species, it's settled once the cuddles begin: "He has a loud purr!" says his foster mom. Like his bonded brother, Peter, our little man, Paul, is a natural-born adventurer. He'd thrive in a home where he can find snuggles and room to explore. Are you just the human to give Paul a life of love and fun?

How a **cooler** can keep outdoor cats **warmer**

Worried about an outdoor cat as winter hits? Making a cozy home for them can be as easy as cutting

a door in a Styrafoam cooler and stuffing it with straw.

Check out ideas and instructions from neighborhoodcats.org. And remember: Straw isn't the same thing as hay, and straw keeps a kitty much warmer!
